

Enrolment Policy

Rationale

Luther College offers a Christ centred education service to applicants regardless of ethnic origin, gender, religion, ability or disability, provided that:

- a. through enrolment procedures, parents seeking enrolment for their child, and the child concerned, undertake to support willingly and freely the mission, values, ethos and policies of the College;

and that

- b. adequate and appropriate programs, spaces and resources are available.

Scope

This policy applies to all members of the College community, as well as members of the public who are interested in the College.

Principles

Enrolment priorities will be determined by the Luther College Council.

The current enrolment priorities are:

- a. children of families where the parent(s) and/or children are active members of a congregation of the Lutheran Church of Australia or otherwise adherents to the Lutheran faith;
- b. siblings of current or former students of the College;
- c. children of Luther College staff members;
- d. children of former students of the College;
- e. students proceeding from The Good Shepherd Lutheran Primary School who have obtained the greater part of their primary schooling at that school and who have demonstrated support for the College's Christian aims and ethos;
- f. students proceeding/transferring from other schools associated with the Lutheran Church of Australia;
- g. students who do not satisfy any of the above criteria, taking into consideration the findings of the pre-enrolment interview process.

Students and their parents, from any of the above categories, are required to have demonstrated an ability to support the College's Christian ethos.

In special circumstances, students may be accepted at the discretion of the Principal or Council.

Review

This policy will be reviewed every five years, or as required by legislation.
